Hi Heather – The maps and GPS coordinates are included in our Special Use Permit we sent to SMP and is attached to this email.

Please let us know if you have any additional questions.

Cheers!

Bill

Bill,

Yes, can you please re-send the map of the drilling locations?

Heather L. Ullinger, P.E.

Subject: [External]Chuckery Area Geotechnical and Test Pit Investigation

Hi Heather - We'd like to know if someone from City of Akron would like to meet the Jacobs team, third-party utility locate firm, and driller on Monday morning (June 21) at 7 am to walk the drill locations one more time before starting

work, specifically, the two adjacent to the 48" brick sewer. Our field team identified the brick sewer back in March and offset the sample locations to avoid it but we know it is an important structure and an extra set of eyes on it would be helpful. Everyone will meet at the Indian Signal Tree parking lot. The contact information for our field team is:

Carol's cell: (414) 336-0284

Kristy's cell: (414) 331-1551

Please let us know if you have any questions.

Cheers!

Bill

Cheers!

Bill
